Premier Cutting Easy Fix Chimneys are designed to be lightweight durable and easy to install.

They will add kerb appeal to your house enhancing its aesthetic appearance as well as adding value to your home.

There are 6 standard chimney designs within the range covering all roof requirements, other designs can be manufactured to suit any specific need.

The chimney can be fixed to the roof in minutes during construction or can be fitted later to an existing roof.

All chimneys are supplied with fixings, lead flashing clips and comprehensive fixing instructions.
